

eVIEW™

Connect with the world

eView™ much more than
an in-car screen

— OTIS —

OTIS

Say Hello to eView,TM which connects you to what matters

eView is an elegant in-car screen designed to make your elevator stand-out. It combines passenger entertainment, car indicator functionality, system monitoring and emergency call technology into one smart, stylish display.

1 | PASSENGER EXPERIENCE

Entertain your passengers with an enjoyable and peaceful journey

Let them know where they are and where they're going

Keep them in-the-know about building life

2 | CONNECTIVITY

Say goodbye to cost and management of your current phone line

Benefit from extended IoT features and an intuitive customer portal

Instant passenger reassurance through video with OTISLINETM agent in an instant

3 | PERSONALIZED COMMUNICATION

Keep in touch with passengers through customized communications

Promote your own brand

Share latest videos with your audience

NEWS, LOCAL WEATHER & SPORTS DISPLAY

With personalized tools to deliver clear communication and greater visibility.

BASIC INFORMATION DISPLAY

Let them know where they are and where they are going.

Our innovative thinking **OTIS** comes standard for best-in-class results.

Customize the experience

Communicate with your building users and use our elevator as a channel for communication.

1 CHOOSE

The eView in-car display automatically broadcasts national weather information and trivia.

2 CUSTOMIZE

Choose from two layouts and many background options to display on-screen content.

A LAYOUT 1

Main screen and banner

B LAYOUT 2

Main screen only

3 CONNECT

Create customized messages to alert tenants and visitors.

Use playlists and calendar functionalities to show different messages and content at different times of the day.

4 MANAGE

Customize and manage content through the customer portal at any time and from any device — computer, tablet or smart-phone.
