

GEN2 LIFE ELEVATOR

Routine
made
exceptional

OTIS

Introducing the new Gen2[®] Life

Wherever you look, whatever the setting, people are in motion. And our goal is for passengers to move and be moved — to enjoy an exceptional experience that supports their daily routines.

DESIGN

From rich textures to classical materials, our exclusive packages offer virtually unlimited design flexibility for creating an inviting ambiance.

PERFORMANCE AND EFFICIENCY

Building from a proven foundation ensures that the new Gen2 Life elevator delivers reliable performance, while providing safety and comfort for passengers.

CONNECTED CONVENIENCES

The Gen2 Life elevator puts a high-performing, energy-efficient technology at a tenant's beck and call, while providing information that educates, entertains and directs.

RELIABILITY AND SERVICE

We take pride in our environment — from the crafted spaces inside a structure to the natural world outside of it. That's why the new Gen2 system is designed to maximize energy efficiency.

UP TO 75 M / UP TO 24 STOPS

320 – 1600 KG

Energy regeneration	Regen drive comes standard
Traction system	Polyurethane-coated, stainless-steel flat belts
Energy savings / standby mode	Standard
LED lighting	Standard
Remote elevator monitoring	Ready

Designed to differentiate

NATURAL AMBIANCE

The natural ambiance package features wood, stone and leather materials for creating contemporary designs, inspired by architectural movements. These are complemented by smooth accents, including rounded corners, handrails, and optional, matching ceiling light.

MODERN AMBIANCE

The modern ambiance package features metallic and glossy textures that bring high-tech style and timeless design together. The palette is enhanced by sharp forms, which are seen in the squared corners, handrails, and optional, matching ceiling light.

Connect to Convenience

Every day we connect to information, ideas and each other. When technology enhances our ability to do so, the daily routine becomes more meaningful. The Gen2 Life elevator puts a high-performing, energy-efficient technology at a tenant's beck and call, while providing information that educates, entertains and directs. Together, these connected conveniences create an upscale, concierge-like experience that keeps everyone productive and on the move.

ONECALL

OneCall™ destination entry keypad makes moving from floor to floor simpler.

eView

The in-car display presents passengers with information, entertainment and community announcements. Activated with Otis® Service, the eView in-car display can be remotely customized from any computer, tablet or mobile device using the eService customer portal. eView is also the first to offer a direct visual link to an OTISLINE® customer service representative.

eView screen shown is for representation only. Actual design may vary by country.

Leading-edge technology comes standard

COMFORT AND SILENCE

Flexible belts make our machine up to 80% smaller and up to 50% more efficient than conventional geared machines.

PERFORMANCE

Our patented coated steel belts allow a smooth and quiet ride like never before. No metal-on-metal contacts reduce building vibration and unwanted noises.

SAFETY AND RELIABILITY

Pulse from Otis provides constant analysis of the belts to identify wear and repair needs proactively, meaning less inspection downtime and more safety and efficiency.

REMOTE ELEVATOR MONITORING

This system accumulates real-time information to accurately identify and correct most problems, quickly. This system takes the guesswork out of repairs and reduces services interruptions dramatically.

01. MACHINE ROOMLESS

All equipment in the hoistway, controller at landing or also in machine room above.

02. GEARLESS MACHINE

50% smaller / more efficient

03. BELTS
