Explore the benefits of the Arise™ MOD solution

Our Arise MOD solution allows you to upgrade your installation according to your budget. It provides an improvement of your elevator by enhancing safety, reliability, sustainability, accessibility and the overall passenger experience.

ENHANCE SAFETY

- ◆ **Reduce tripping hazards** while entering and exiting thanks to a new variable frequency drive
- ◆ **Provide constant monitoring of the system** in real time via the Otis ONE™ digital platform.
- ◆ **Provide closed loop door system operation** to create a smooth, quiet, reliable performance.

IMPROVE PERFORMANCE & RELIABILITY

- ◆ **Minimize unexpected outages and obsolescence issues** with a new electronic control system and a geared or gearless machine.
- ◆ **Enhance availability and passenger comfort** with the installation of latest technology and future-proof your elevator.
- ◆ **Take advantage of our flexible packages:** Prime & Plus.

MINIMIZE THE UNEXPECTED

- ◆ **Plan your budget with our experts** from the earliest stages of capital planning to ongoing operations.
- ◆ **Determine the pace of your modernization** by retaining essential components of the existing installation, when possible.
- ◆ **Minimize disruption** during modernization with our expert installers and standard packages configured to meet your specific building needs.

BRING PASSENGER EXPERIENCE TO THE NEXT LEVEL

- ◆ **Provide easy travel and shorter wait times** thanks to an intelligent dispatch system.
- ◆ **Upgrade your building's appeal and accessibility** with new landing and car fixtures, included as a standard in our entry range Prime package.
- ◆ **Delight passengers** with various optional aesthetics and accessibility features.

BOOST SUSTAINABILITY

- ◆ **Choose which components to replace at what time**, so you can keep reliable components throughout their entire lifecycle.
- ◆ **Select your energy-saving solution.** With Arise MOD, you select from a geared or gearless machine. They come with our ReGen™ drive to save energy.

Otis ONE™

Enhance and personalize your service experience

Otis ONE is our IoT solution that connects your elevators to the cloud to deliver a seamless passenger experience. It turns your elevator into a powerful network of sensors that collects data and analyzes your equipment. This enables our technical experts to monitor elevator health in real time, and when possible perform remote interventions to resolve issues quickly, improve uptime and increase service quality.
