AND COMFORTABLE TRAVEL

Otis Viva™ solutions
Move Freely, Live Fully™

APPLICATION:

- ▣ Elevators

BENEFITS:

- ▣ Support for all passengers
- ▣ Customizable designs
- ▣ Improved accessibility

SUPPORTING SENIORS AND ALL PASSENGERS

In today's world, ensuring safe and accessible travel for the growing elderly population is more important than ever. Our handrails provide essential support, offering stability and confidence to passengers during their journeys. These handrails are designed to meet the specific needs of seniors, while also supporting children and individuals with special needs, enabling a secure and independent elevator experience for all.

FEATURES

VARIETY OF OPTIONS:

- ▣ Choose from multiple handrail styles to suit your elevator design.

ACCESSIBILITY COMPLIANCE:

- ▣ All options meet national and local accessibility requirements, ensuring inclusive support for all passengers.

DURABLE CONSTRUCTION:

- ▣ Built to withstand frequent use, providing long-lasting stability and safety.

BENEFITS

ENHANCED PASSENGER SUPPORT:

- ▣ Offers reliable grip and stability, reducing the risk of falls and accidents for seniors and other passengers at risk.

CUSTOMIZABLE DESIGNS:

- ▣ Options available to complement any elevator interior, enhancing aesthetics without compromising functionality.

IMPROVED ACCESSIBILITY:

- ▣ Helps create an inclusive environment, allowing passengers of all abilities to travel safely and comfortably.

By integrating our Cab Handrails, building owners can foster environments that support safe and independent movement, addressing the diverse needs of their communities now and into the future.
