

# Cab LED Lighting

ENSURING SAFETY AND COMFORT  
FOR SENIORS AND ALL PASSENGERS

Otis Viva™ solutions  
Move Freely, Live Fully™

#### APPLICATION:

- ▣ Elevators

#### BENEFITS:

- ▣ Customizable
- ▣ Improved comfort
- ▣ Energy efficiency

## BRIGHTENING THE JOURNEY FOR ALL PASSENGERS

As the global population ages, ensuring the safety and comfort of elderly passengers during their travels becomes increasingly important. Our LED Lighting system for elevator cabs offers a modern solution that enhances visibility and supports independent and confident movement for all passengers, including seniors, children, and individuals with special needs.

### FEATURES

#### CUSTOMIZABLE LIGHTING:

- ▣ Adjust light color and intensity to suit your environment.

#### ENERGY-EFFICIENT TECHNOLOGY:

- ▣ Replaces outdated halogen and incandescent bulbs.

#### REDUCED ENERGY CONSUMPTION:

- ▣ Significantly lowers energy usage.

#### LESS HEAT GENERATION:

- ▣ Improves passenger comfort by reducing heat.

### BENEFITS

#### ENHANCED VISIBILITY:

- ▣ Better lighting improves visibility, helping passengers feel more secure and confident.

#### IMPROVED COMFORT:

- ▣ LEDs produce less heat, making the cab environment more comfortable.

#### ENERGY EFFICIENCY:

- ▣ Reduce energy costs without sacrificing light quality.

#### LONGEVITY:

- ▣ Long-lasting LED lights reduce replacement needs, lasting up to 30,000 hours.

#### EASY INSTALLATION:

- ▣ Designed to fit most downlight ceilings with round fixtures.

By integrating our LED Lighting system, building owners can create environments that cater to the needs of their communities now and into the future, promoting safe and independent movement for everyone.
