

OTIS

The Gen3™ Home homelift

IDEAL FOR BUILDINGS WITH LOW TRAFFIC

Introducing the Gen3™ platform

At Otis, innovation drives everything we do, from increasing elevator safety and performance to reducing environmental impact.

Our Gen3 platform is equipped with our latest cutting-edge technologies and digital solutions to deliver the exceptional quality and service you expect.

Discover how our Gen3 platform opens up a world of possibilities.

SAFETY YOU CAN TRUST

Designed to meet the industry's most stringent safety standards, the Gen3 platform offers your passengers the confidence and peace of mind they expect in an elevator. At Otis, safety is always first.

EXPERIENCE TECHNOLOGY-DRIVEN RELIABILITY

The Gen3 platform is equipped with a suite of Otis technologies that form a powerful digital ecosystem, including Otis ONE™, our IoT solution that improves uptime and increases service quality.

ENJOY SUSTAINABLE FEATURES COMMONLY AVAILABLE

Energy efficiency is integral to the Gen3 platform's design with commonly available efficiency features like LED Lighting and sleep mode that shuts down the elevator when not in use. These technologies help reduce energy consumption, and can support customers in meeting the energy criteria of globally recognized building efficiency certifications.

BRING PASSENGER EXPERIENCE TO THE NEXT LEVEL

The Gen3 platform elevates the passenger experience with smooth, comfortable and digitally connected rides in stylish cabins that can be customized to suit your building's style and budget.

MINIMIZE THE UNEXPECTED

No matter which elevator you choose from the Gen3 platform, our team of experts will partner with you every step of the way from planning and design to installation to service and finally, scalable upgrades when it is time to modernize your system.

DESIGNED FOR QUALITY AND SUSTAINABILITY

Assembled in our ISO-certified factories in Europe, the Gen3 platform meets high quality standards and offers the performance and reliability you expect from Otis products and services.

Introducing the Gen3™ Home homelift

The Gen3 Home homelift is a compact and elegantly designed solution that upholds high standards of safety, reliability and accessibility. The Gen3 Home homelift is ideal for low-traffic buildings where space is limited and accessibility is essential.

Maximum
travel / stops

15 m /
6 stops

THE GEN3 HOME HOMELIFT BENEFITS

- ◆ Spacious cab design for all riders, including those with wheelchairs and other mobility aids
- ◆ Reduced pit and overhead size makes it ideal for new or existing buildings where space is limited
- ◆ Energy-efficient features such as LED Lighting and sleep mode

The Gen3™ Home homelift

Powered by Otis signature technologies

PATENTED BELTS

Enjoy smooth and comfortable rides with our patented, coated steel belts that redefined the industry. Maximize safety and minimize downtime with the Pulse™ system that monitors the condition of the belts 24/7 for added peace of mind.

COMPACT MACHINE

Gen3 Home homelift machine room-less solutions are equipped with an efficient, compact machine that features a low pit and low overhead to fit inside new and existing hoistways where space may be limited.

BACKUP BATTERY SYSTEM

Minimize the risk of entrapment and maximize peace of mind with our advanced backup battery system. In the event of a power outage, this technology provides as much as 10 rides, keeping your tenants and visitors moving when it matters most.

ENERGY-SAVING SOLUTIONS

Gen3 Home homelift's integrated sleep mode and LED Lighting features contribute to a reduction in energy consumption.

Otis ONE™

Enhance and personalize your service experience

Otis ONE is our IoT solution that connects your elevators to the cloud to deliver a seamless passenger experience. It turns your elevator into a powerful network of sensors that collects data and analyzes your equipment. This enables our technical experts to monitor elevator health in real time, and when possible perform remote interventions to resolve issues quickly, improve uptime and increase service quality.

REAL-TIME TRANSPARENT INFORMATION

Gain peace of mind and make informed decisions with the Otis Customer Portal

PROACTIVE COMMUNICATION & PREDICTIVE INSIGHTS

Drive operational efficiency

PREVENTIVE MAINTENANCE

Minimize disruption and maximize uptime

ENTERTAINMENT & SAFETY BENEFITS

Enhance every journey with the eView™ display

CONNECTION TO CUSTOMER APPLICATIONS

Unlock the full potential of your building

*Otis ONE features are subject to a maintenance contract and paid tiered subscription with Otis

eView™

Bring safety, connectivity and innovation into view

eView is a sleek and smart in-car display available with Otis ONE that is designed to enhance every journey. In case of an emergency, eView enables an instant connection with our OTISLINE® customer care center via secure digital voice or video calls for added passenger reassurance. It also keeps your passengers informed and gives you the freedom to customize your screen with building news, weather, and equipment updates—turning travel time into a connected experience.

ELEGANT DESIGNS AND FINISHES

The Gen3™ Home homelift offers a wide range of premium interior finishes from our award-winning Ambiance line to enhance the passenger experience. This includes our panoramic glass cab designs that invite natural light and create a sense of openness and connection to local surroundings.
