OTIS

Modernization

LINK™ MOD

ADD SAFETY, RELIABILITY AND STYLE TO EVERY STEP YOU TAKE

Why modernize with Otis now?

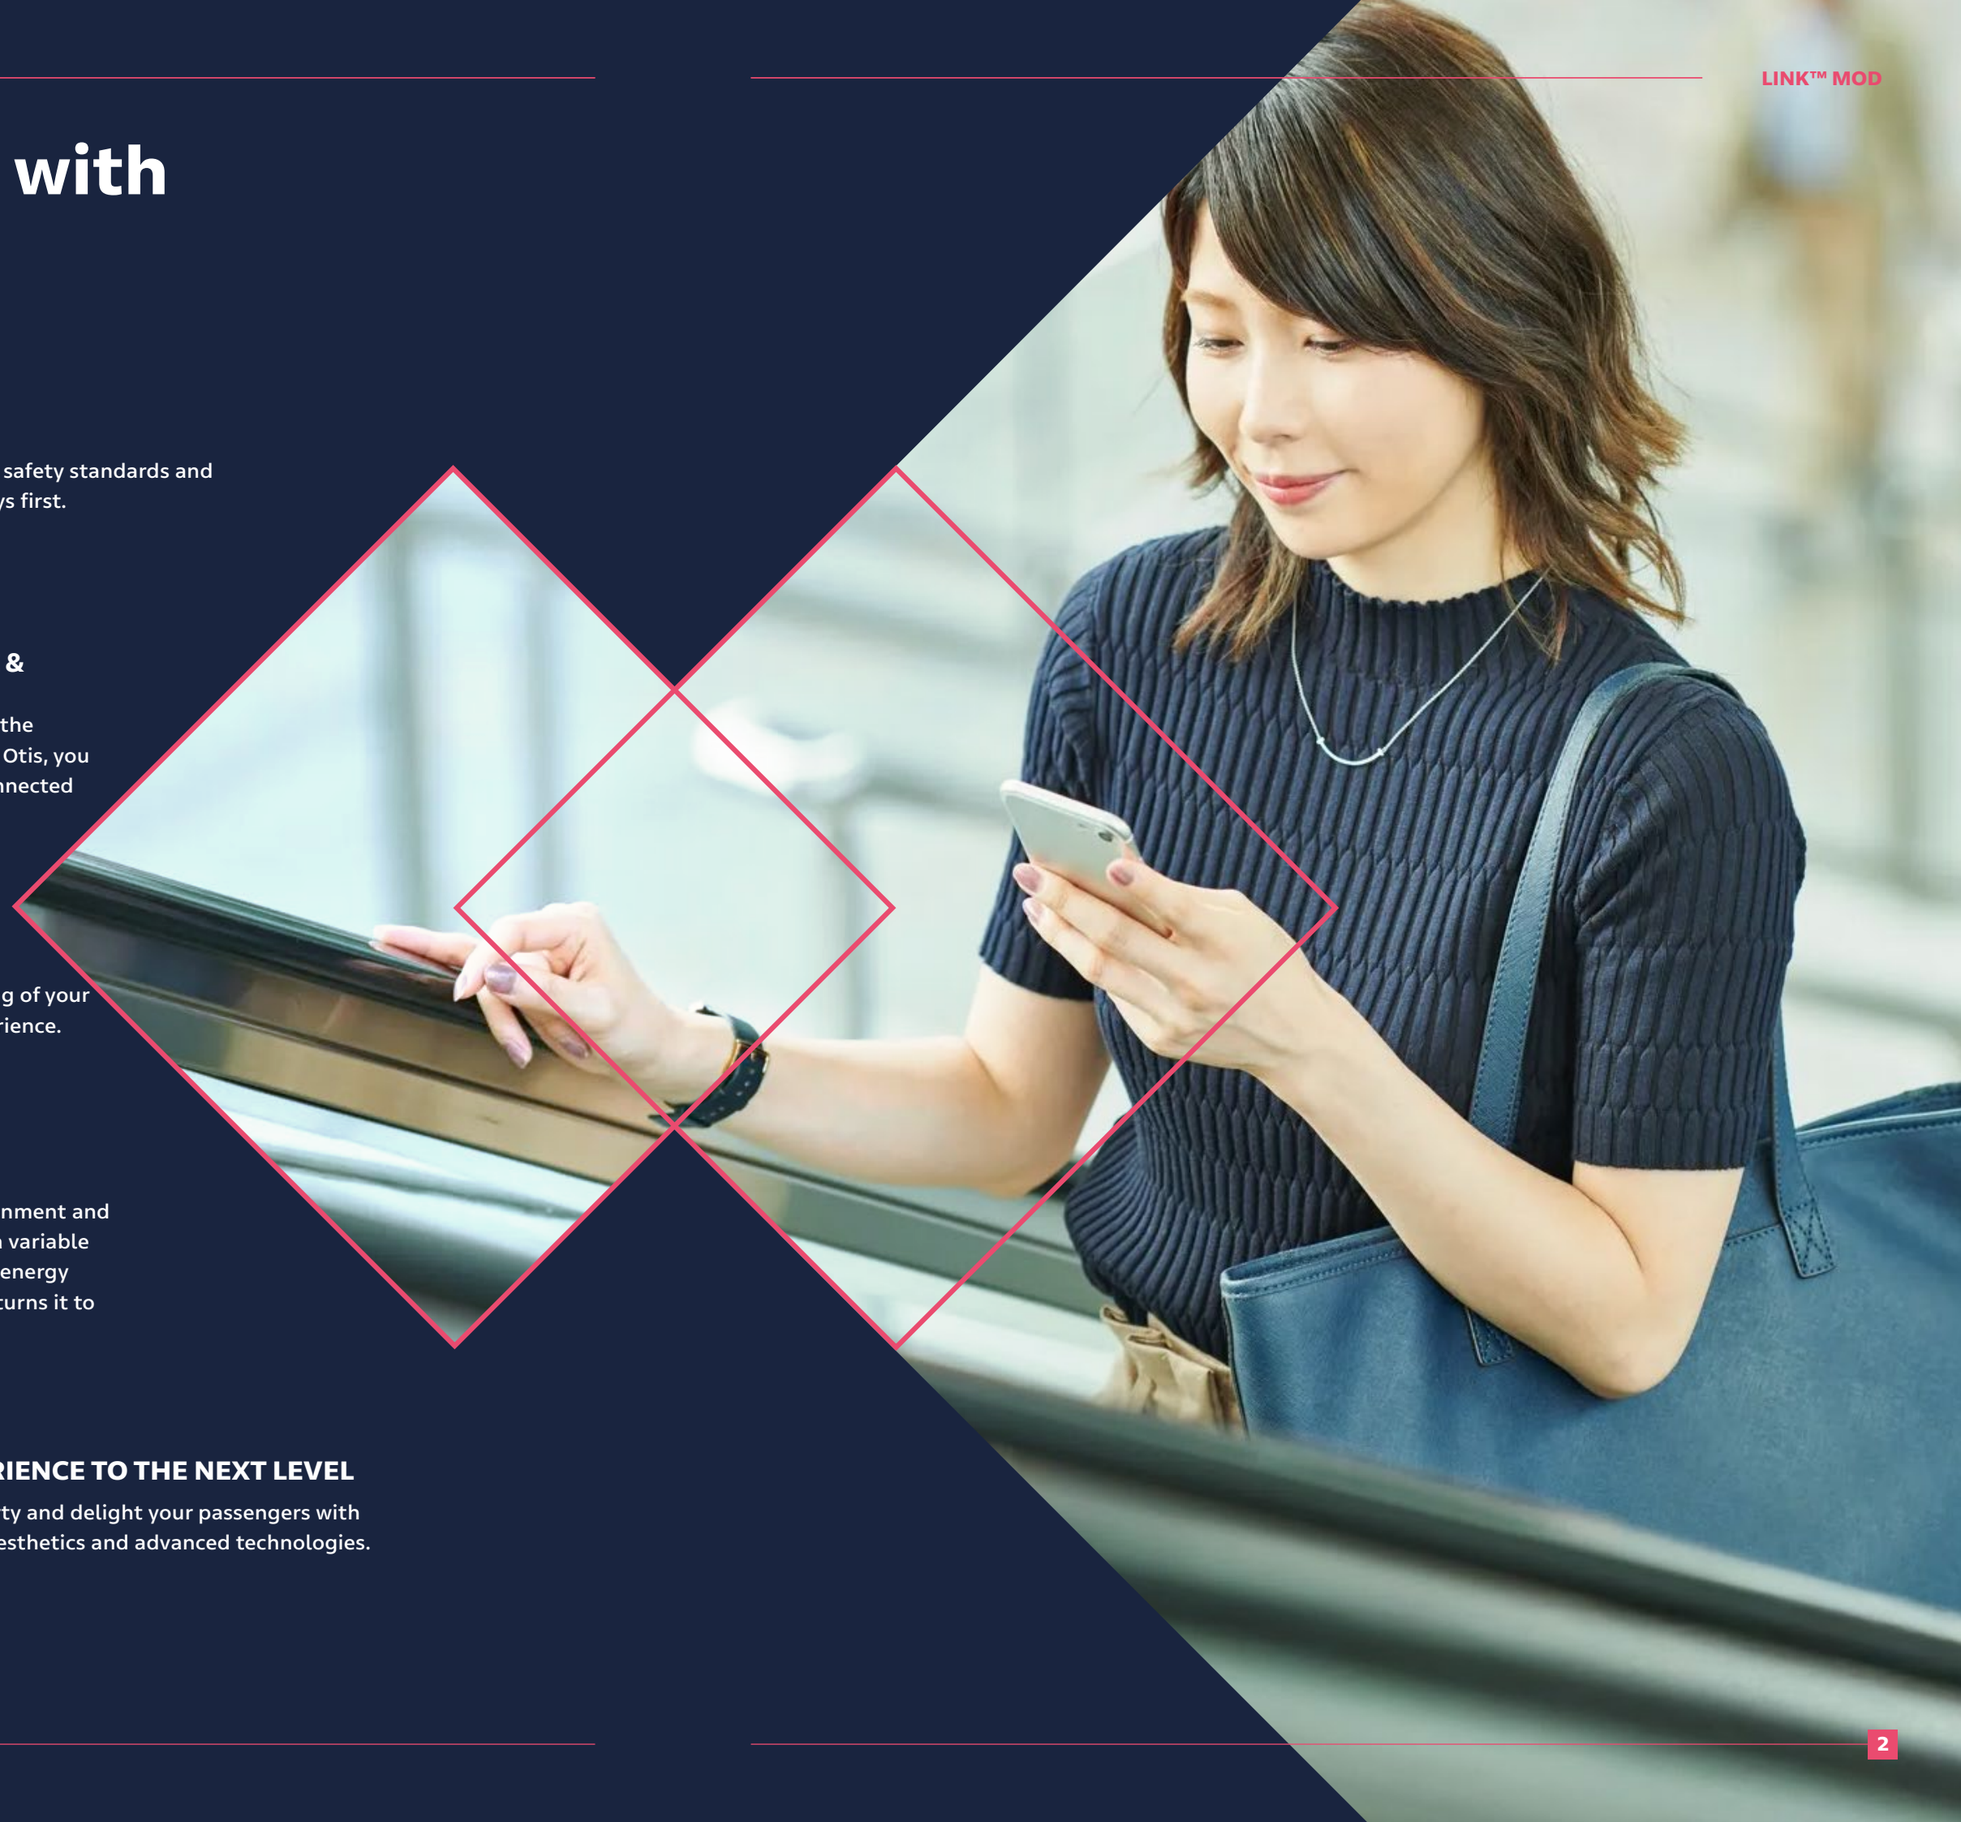

ENHANCE SAFETY
Upgrade your system to the latest safety standards and regulations. At Otis, safety is always first.

IMPROVE PERFORMANCE & RELIABILITY
Minimize shutdowns and increase the availability of your escalator. With Otis, you get access to cutting edge and connected solutions.

MINIMIZE THE UNEXPECTED
Control the pace, cost and planning of your project thanks to our proven experience.

BOOST SUSTAINABILITY
Manage your impact on the environment and reduce energy consumption with a variable frequency drive, which recaptures energy generated by the escalator and returns it to the building's grid.

BRING PASSENGER EXPERIENCE TO THE NEXT LEVEL
Increase the appeal of your property and delight your passengers with our wide range of contemporary aesthetics and advanced technologies.

Explore the benefits of the Link™ MOD solution

With Link MOD solutions, every step you take is powered by industry-leading technology tailored to your building and budget. Our modernization packages bring your escalator up to global safety standards, enhance reliability and offer expanded style options - all with the flexibility to choose upgrades that fit your unique needs. Backed by Otis expertise, your modernization journey is designed to be efficient, seamless and high quality from start to finish.

ENHANCE SAFETY

- Reassure passengers with integrated automatic cleaning solutions that can be customized to meet your project's hygiene and cleanliness needs.
- Limit irregular movement by keeping escalator steps securely on track with our step safety system.

MINIMIZE THE UNEXPECTED

- Benefit from our extensive experience in escalator modernization worldwide to minimize disruption during work.
- Led by local experts and R&D engineers, we collaborate with you from capital planning and compliance reviews through installation and ongoing support.

BRING PASSENGER EXPERIENCE TO THE NEXT LEVEL

- Delight your passengers with customizable LED options such as balustrade illumination and step lighting. Glass balustrade comes as standard.
- Enhance your space with a variety of handrail colors your visitors will appreciate.

IMPROVE PERFORMANCE & RELIABILITY

- Reduces handrail-related callbacks by over 90% with our self-adjusting handrail system, reducing escalator stoppages.
- Minimize shutdowns and keep escalators available when customers need them with the upgraded electronic controller.

BOOST SUSTAINABILITY

- Manage your impact on the environment and reduce energy consumption with a variable frequency drive, which recaptures energy generated by the escalator and returns it to the building's grid.
- An integrated standby/sleep mode feature contributes to a reduction in energy consumption.

Link™ MOD Pro

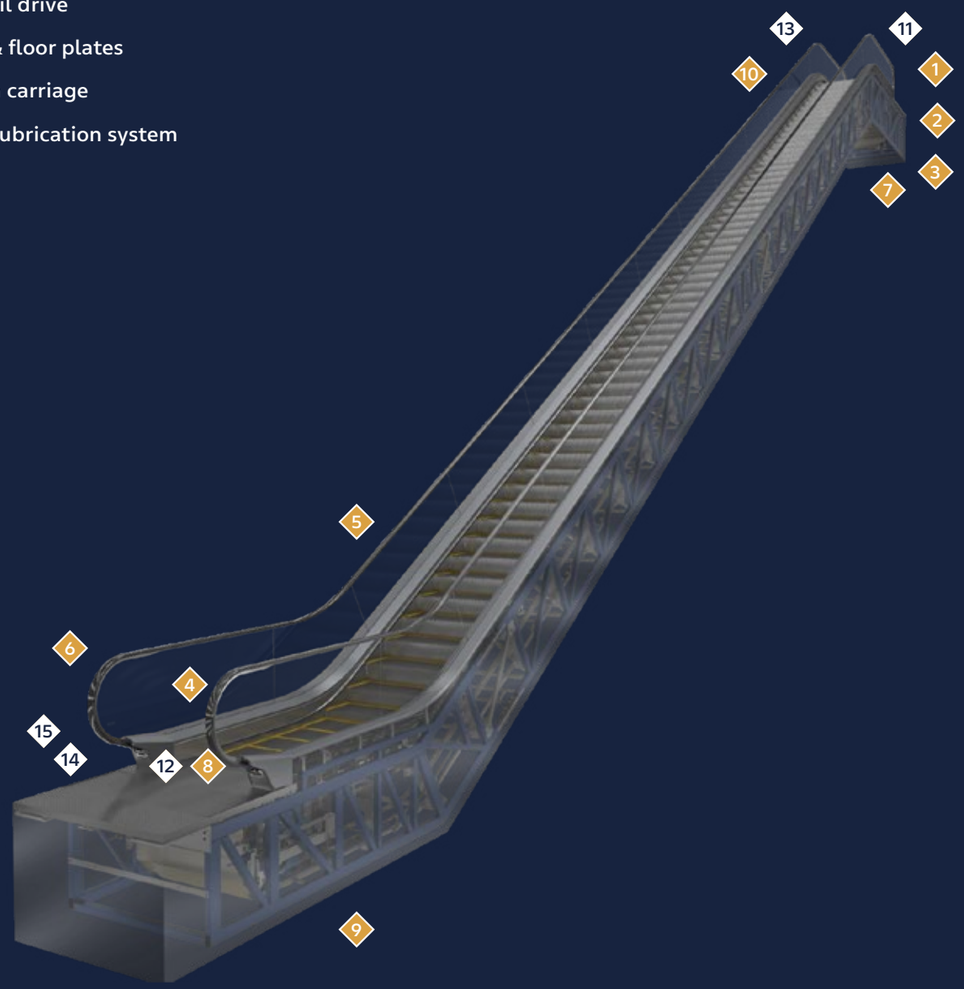

The Pro package delivers a complete modernization while retaining the truss and cladding. Our solution is designed to shorten installation time, minimize jobsite hazards and preserve the escalator truss. Link MOD Pro delivers smooth, efficient escalator upgrades - backed by Otis expertise for unmatched quality and performance.

Standard Upgrades

1. Electronic controller & wiring
2. Electrical wiring
3. Machine, direct drive (up to 6 m) and main drive
4. Safety kits
5. Steps, step chain & rollers
6. Handrail, guides & entry boxes
7. Handrail drive
8. Comb & floor plates
9. Tension carriage
10. Smart lubrication system

Options

11. Variable frequency drive
12. Passenger detection devices to enable sleep mode
13. Self-adjusting handrail system (SAHS)
14. Handrail sanitizing devices
15. LED lighting options

Full Replacement

Discover our solution for escalator replacement, and benefit from the installation of a new escalator in your existing space that complies with the latest standards.

Leverage the same installation efficiencies developed for our Pro solution, including a new truss and cladding, for a seamless and modern upgrade.
